

A YEAR IN MISSION

December 31, 2023

Focus on Mission

Our commitment to the mission ministry is a reflection of our collective responsibility to spread love, compassion, and the transformative message of hope to those in need. Whether near or far, our efforts embody the spirit of service, making a meaningful impact and demonstrating the boundless love of Christ to all. In the coming year, let us unite in prayer and action, supporting and actively participating in the various missions that reach beyond our walls. Together, we are the hands and feet of Jesus, fulfilling the Great Commission with unwavering dedication and a shared vision for a community touched by grace.

How we serve

Donations

Missions are supported through many different donations, time, money, and resources. We receive direct contributions as well as our famous Noisy offering. The Noisy offering alone gathered over \$2000.00 this year to support local and global initiatives.

Volunteers

Volunteering at our church is a deeply enriching experience where individuals come together to serve and support our faith community. Our volunteers play a crucial role in fostering a sense of belonging and spiritual growth. Through their selfless contributions, they embody the values of love, unity, and compassionate service that define our church family.

WE NEED YOU

Are you looking to serve with purpose? Do you know of someone in need? Do you participate in a group doing good work that needs more resources? The Missions Committee wants to hear from you! Contact Michelle, Bonnie, Brad, Codee, Carolyn or the Church Office today.
